EXHIBIT A

THE CITY OF SUGAR LAND
LEGISLATIVE AGENDA FOR THE 87TH SESSION OF THE TEXAS LEGISLATURE
Position Statements

Municipal Powers

1. **Support legislation that supports or advances the principles of local control** to allow for locally elected officials to make decisions that are beneficial to the interests of City residents or that is otherwise beneficial to the City's interest.
2. **Oppose legislation that preempts or erodes the authority of city government** or is detrimental to the City's ability to pursue citizen priorities or respond to local citizen concerns.

Municipal Revenue and Budgeting Authority

1. **Support legislation that reduces the overall tax burden on residents and businesses, including legislation that:**
 - a. **Adequately funds the public school finance system** – which would provide the largest savings to taxpayers;
 - b. **Eliminates unfunded mandates** on municipalities for which the cost is then passed down to residents;
 - c. **Protects or enhances municipal revenues** such as property taxes, sales taxes, right-of-way revenues, service fees, and court fines;
 - d. **Provides for a fair and transparent appraisal process**;
 - e. **Allows and encourages local governments to continue to offer homestead and senior exemptions**;
 - f. **Provides for the fair and equitable local sourcing of sales and use taxes for Internet orders, in recognition of recent rules set by the Texas Comptroller of Public Accounts and the U.S. Supreme Court decision on Wayfair v S. Dakota**;
 - g. **Accurately notifies and explains to taxpayers the actual impacts of the no-new-revenue tax rate, simplifies its calculation for notice purposes, and deletes parts of the notification and adoption process that causes confusion and is inconsistent with the goal of providing a transparent budget and tax rate setting process; and**
 - h. **Increases funding for arts & cultural programs**.
2. **Oppose legislation that would detrimentally affect the City's financial position and limit local budgeting authority by reducing revenue streams that fund services citizens depend on or negatively impact potential revenue growth critical for providing services – such as public safety – for a growing and aging community, including legislation that:**
 - a. **Imposes a revenue cap** of any type, including a reduced rollback rate, mandatory tax rate ratification elections, lowered rollback petition requirements, limitations on overall city expenditures, exclusion of the new property adjustment in no-new-revenue rate and rollback rate calculations, or legislation that lowers the rollback rate and gives a city council the option to re-raise the rollback rate;
 - b. **Lowers the appraisal cap** or otherwise creates property tax exemptions that would unfairly shift the financial tax burden to other taxpayers;
 - c. **Restricts the ability of the City to issue debt in order to fund public improvements through either General Obligation or Certificates of Obligation bonds or causes**

- unnecessarily complex public notification requirements that are confusing to voters;
- d. Imposes an unfunded mandate that would require any City expenditure unless all costs are reimbursed by the State;
 - e. Requires the City to generate revenues for the State thereby unfairly shifting local tax dollars outside of the City.

Economic Development

1. Support the City's right to continue participation in the qualified hotel project program and to receive a refund or rebate of various state and local taxes to finance the construction of a qualified hotel project.
2. Oppose legislation that would erode or restrict current municipal economic development tools including but not limited to economic development corporations [Type A (4A) and Type B (4B)], tax abatement, tax increment reinvestment zones, Chapter 380 agreements, the Texas Enterprise Fund, Skills Development Fund, the Texas Enterprise Zone Program, Research and Development tax credit program, the Events Trust Fund and the Major Events Reimbursement Program.
3. Support legislation that expands the application of current municipal economic development tools such as allowing land to be used, transferred, conveyed, or swapped in Chapter 380 economic development agreements.

5. Support continuation of the Hotel Occupancy Tax (HOT) for tourism marketing.

Land-Use Regulation and Annexation

1. Oppose legislation that would diminish the City's authority to regulate growth and development through land use and zoning regulations, building codes, comprehensive planning, annexation, or eminent domain, or that would erode the City's authority to assess inspection fees for new, existing, or re-development.
2. Support returning control of regulating building materials to municipalities by repealing House Bill 2439 (2019), which preempted cities from regulating building materials.
3. Oppose legislation that would diminish the City's authority to regulate short-term rentals.

2. Support legislation that would increase the authority of municipalities in requiring increased public notice of major pipeline activities – such as flaring – that have a direct impact on the quality of life of city residents.
3. Oppose legislation that would impose on cities: mandatory water conservation measures; “tap fees” or other types of state charge on municipal water systems; or any other onerous regulations as it relates to utilities provided by a city.
4. Oppose any legislation that would diminish or limit the City's original jurisdiction over electric and gas rates.
